# ALLIANCE NORTHWEST

The premier business to government  
event in the Pacific Northwest

## TESTIMONIALS

Here's what a few of our 2021 Alliance Northwest Event Attendees had to say:

*Fantastic value for my time and money- the latest government information, clearly and professionally presented. Thank you!*

**Lee Mozena, Founder & Owner, Zena Consulting, LLC**

*I was just really impressed with how well this went – come on – a virtual trade show!? How do you do that? BUT YOU DID IT. Met and talked with many companies that I think will become future partners.*

**Chad Wirth, Abbott Construction**

*Alliance Northwest is consistently one of the premier events our company attends annually. The opportunity to connect with hundreds of small businesses as well as our government counterparts all in a single day makes this event extremely beneficial in growing and maintaining our supply chain.*

**Jeff Holmes, SBPM, RQ Construction LLC**

*Alliance Northwest 2021 had great value for our organization this year because it allowed our employees in Denver and New York City to fully take part without incurring the cost or health risk of travel.*

**H.E. Gligor Tashkovich, D.A. International Group Inc.**

*Alliance 2021 was invaluable. As a small business start-up, I received a quick education on some of the ways to promote my business in the world of government contracting and, also, just how government contracting works. KUDOS to everyone involved in setting up and facilitating the event. I can only imagine the preparation involved. Thank you for the opportunity!*
