Breakout Session Presenter Application Form

Alliance Northwest 2023 will be held in-person at Tacoma Convention Center in Tacoma, Washington. The event will attract over 500 government contractors seeking to increase work within public sector marketplaces at the state, local, and federal level. In addition to two keynote speakers, there are up to nine breakout sessions at the conference that allow experts in government contracting to share best practices, information on regulations, registrations or certifications. Many sessions will be recorded for later viewing on the virtual platform. Each session attracts 40-100 attendees who are a mix of small business and prime contractors.

The event planning committee seeks speakers and topics that will meet the following objectives:

- Attract attendees to the conference
- Educate the attendee on a pertinent government contracting topic
- Provide the attendee with information so that they are more likely to successfully compete in the public sector.

Speakers that are selected to present must provide a workshop description, photo and bio by February 1st for inclusion on the agenda, in social media, and on the virtual platform. Applications are reviewed as they come in. The planning committee receives more applications than there is space for at the event.

Proposed Workshop Title:

Presenter name(s) and contact info:

Presenter bio(s) (please attach photo):

Workshop Description: (include learning objectives. As a result of this training attendees will learn...)
