## Breakout Session Presenter Application Form

Alliance Northwest 2024 will be held **IN PERSON** at the **Greater Tacoma Convention Center on March 14, 2024** and are expecting record-breaking attendance. As a result, the event will expand to the **entire 3rd and 5th Floor of the Convention Center**. This will provide opportunities for over 200 exhibitors, more space for one-on-one meetings, live innovation demonstrations, and much more.

The event will attract over 500 government contractors seeking to increase work within public sector marketplaces at the state, local, and federal level. In addition to two keynote speakers, there are up to nine breakout sessions at the conference that allow experts in government contracting to share best practices, information on regulations, registrations, or certifications. Sessions will be recorded for later viewing on the virtual platform. Each session attracts 40-100 attendees who are a mix of small business and prime contractors.

The event planning committee seeks speakers and topics that will meet the following objectives:

- Attract attendees to the conference
- Educate the attendees on a pertinent government contracting topic
- Provide the attendee with enough information so that they are more likely to find, bid, win, and perform successfully on a government contract or subcontract.

**Speakers that are selected to present will be expected to provide a workshop description, photo and bio by February 1st for inclusion on the agenda, in social media, and on the virtual platform. This form should be returned ASAP as applications are reviewed as they come in. The planning committee receives more applications than there is space for at the event.**
