## WHAT ARE ATTENDEES SAYING ABOUT ALLIANCE?

*"This was our firm's first time attending in order to connect with prospective clients and consultant partners, and we were thrilled to be a part of the highly informative and productive schedule of panel sessions. The opportunities we had to connect with fellow businesses and public organizations will prove to be helpful in our pursuit of projects within the region."*

*"Excellent venue for small businesses to get in front of General Contractors and government entities. You learn a lot about how to navigate the gauntlet of getting noticed by GC's and getting on bidders lists with Government entities. I have been attending for many years and this is without a doubt the best yet. Keep up the great work. See you next year."*

**Mike Maggitti**  
Security Gate and Access, LLC

*"Alliance is a one-stop shop for a small business to learn about how to sell to local, state, and federal agencies, meet other small business owners, and to make connections with agencies. A booth gives your business or agency a home for people to come to you. Bring a colleague to share booth duty and networking."*
